Additional Instructional Support

Hope Academy is a college-preparatory school that focuses on preparing students for higher learning by building a strong academic foundation. Students who need additional support may find Hope Academy's high academic expectations beyond their abilities. In those cases, families will be counseled regarding those observations.

Based on our admissions process, Hope Academy may identify a student who needs additional support to achieve academic success. These exceptions will be made on a case-by-case basis at the sole discretion of Hope Academy, and it will be contingent upon enrollment in the Additional Instructional Support Program.
